Joint Committee on Finance Review of DOT Safety Contracts

13-3

Motion:

Move to prohibit DOT from entering into a contract using federal transportation safety funds if the contract is related to alcohol or traffic enforcement activities unless the Department first notifies the Joint Committee on Finance of the proposed contract. Specify that if the Co-chairs do not notify DOT within 14 working days after the date of the Department's notification that the Committee has scheduled a meeting to review the proposed contract, DOT may enter into the proposed contract. Specify that if, within 14 working days after the Department's notification, the Co-chairs notify DOT that the Committee has scheduled a meeting to review the proposed contract, DOT may enter into the contract only upon approval of the Committee.

Note:

DOT enters into contracts with local law enforcement agencies using federal transportation safety funds for a variety of law enforcement activities, such as enhanced speed or alcohol enforcement projects. This motion would require DOT to notify the Committee prior to entering into such a contract, for the Committee's review under a 14-day passive review process.

Use Stewardship JCF approval and review as model.
